**Apple** Letter Tracing

A large dashed uppercase letter 'A' and a dashed lowercase letter 'a' are shown for tracing. The 'A' has a green dot at its top vertex and three green arrows indicating the stroke order: two diagonal lines down to the base, and a horizontal line across the middle. The 'a' has a green dot on its vertical stem and three green arrows indicating the stroke order: a counter-clockwise circle, a vertical line down, and a horizontal line across the middle. Below the letters is a horizontal line, and under that line are three solid lowercase 'a' characters for tracing.

**Nest** Pre-Writing Practice

This sheet contains several tracing exercises. At the top, there are four dashed shapes: a downward-pointing triangle, an upward-pointing triangle, a circle, and another upward-pointing triangle. Below these is a horizontal line with a branch of leaves on the left. From this line, seven vertical dashed lines extend downwards. At the bottom of the page, there is a dashed zigzag line.

**Nest** Letter Tracing

This section contains a tracing guide for the letter 'n'. It features a large dashed outline of the letter. A solid brown dot at the top left indicates the starting point for the first stroke, which is a vertical line down. A second solid brown dot at the top right indicates the starting point for the second stroke, which is a diagonal line down to the left, meeting the bottom of the first stroke. A third solid brown dot at the top right indicates the starting point for the third stroke, which is a vertical line up. A fourth solid brown dot at the top right indicates the starting point for the fourth stroke, which is a curved line starting from the top, going right, then down, and finally left to meet the bottom of the vertical line. Below the tracing guide, there is a horizontal line, and below that, two lowercase 'n' characters. To the left of the 'n's is a line drawing of a bird in flight.
